## INSTRUCTIONS FOR USE

---

Target species: All species and categories of animals. Dosage: Mix homogeneously from 1 to 2 Kg/Tm of complete feed.

## LEGISLATION

---

In accordance with the legislation in force in the European Union.

This product has been elaborated by BACVIR ANIMAL SAFETY, S.L. in its authorized establishment for the manufacture of products destined for animal feed, authorized with number αESP25100227 and in compliance with the Regulation 1831/2005 of the European Parliament and of the Council of January 12, 2005, which establishes the requirements for feed hygiene, complies with the requirements of said regulations regarding facilities, personnel, manufacturing, quality control, storage and records. Likewise, it has control systems in compliance with the applicable criteria established in Directive 2002/32/EC of the European Parliament and of the Council on undesirable substances in animal feed.

## CLASSIFICATION

---

In accordance with REGULATION (EC) No 1831/2003 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 21 September 2003 on additives for use in animal nutrition and REGULATION (EC) No 767/2009 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 13 July 2009 on the placing on the market and use of feed.

It is the responsibility of the final feed manufacturer to determine the legal compliance of this product in its final application, based on the information provided in this document.

## STORAGE

---

- ✓ Store in a cool, dry place, away from heat sources and sunlight.
- ✓ Once opened, seal the bags hermetically.

## PRESENTATION

---

10 Liters, 25 Liters and 1000 Liters IBCs.
